August 2009

Six Baptisms at Hardrock

Friday Aug. 14th. There were six people baptized at the ministry site that ROCK Ministry was given by the Navajo Tribe. It took Robin & Faith Jelle (who live and minister on the site) and Jim three years of chasing paperwork calling tribal council members. Going to meetings to receive the ministry site and God has honored this persistence. Construction on the buildings has begun as God provides but God is already producing fruit through this ministry. One of the ladies baptized was a dorm daughter of ours in 1988 who is now the mother of 5. Here are some of the pictures of the baptisms at the site there is a short video of the baptisms on our web site.

Cast your eyes upon Jesus

Cast your eyes upon Jesus and the cares of the world will grow strangely dim. How true that is lately we have been given two alternatives pay off the \$29,000 owed the trailer we have been renting for 12 years or move out by Oct 31st. The owner just wants out of his mortgage. At the same time we have been burning up the road between here

and Flagstaff as Myrtis has had two MRIs and consultation with a spinal surgeon. Diagnoses degenerative disc disease in lower back and neck. More trips in the future for therapy and possibly repair. Also a trip to Phoenix for surgical repair of birth damage (six births, a no brainer). But God is so sweet He takes our eyes off these

problems and brings us the delight of our hearts, the baptisms at our Hardrock site. Thank you to each of you for your prayers and gifts that make it possible to be part of God's work among the Hopi and Navajo people.
